FROM JANUARY 1982 TO 2010

Air conditioning season is going to be upon us shortly. Did you survive the harsh winter and high utility bills with the comfort you deserve?

If you are considering a more efficient system, now is the time!

With the tax credits that are available to YOU the homeowner, don't put it on the back burner!

Larger corporations are lobbying for an equal percentage of the tax credits that could wipe out future residential use.

We recently returned from the Lennox Dealer Meetings and they are offering new efficiency and rebates to make them the best available!

Along with our Geo-Thermal Ground Source Heat Pumps, Floor Radiant and Solar Water Heating, we can help you beat the high cost of utilities and give you better comfort than you ever thought possible!

Don't forget to call us for your Preventative Maintenance check up! If you haven't taken advantage of our Comfort Club this is a good time to sign up! Refer your friends and family and receive a gift card for each person you sign up!

*THANKS for your business
Past, Present, and Future
Randy L Long, Owner*

*Call us today for a FREE
Indoor Air Quality
Analysis
With New or Renewed
